Wholesale Trade List.

FALL, 1893.

Washington Street Nurseries

SELOVER & ATWOOD, Prop'rs,

Geneva, Ontario Co., New York.

We present our summer list of prices and invite attention to these facts.

Our nurseries embrace over 200 acres of land closely planted.

The stock herein offered is all of our own growing, and we invite inspection.

Our long experience enables us to fill our orders promptly and it is our rule to satisfy our customers.

The shipping facilities of Geneva in all directions are unsurpassed, freight and express rates are low, and our careful packing insures delivery to distant points in good condition.

We have intended to quote as low prices as possible consistent with our ability to supply stock of good quality in a proper manner.

THIS LIST IS FOR THE TRADE ONLY and the prices are subject to change without notice.

We have quantities of stock in all stages of growth and can, by special correspondence, offer everything mentioned in this list of smaller sizes and at *less prices* than herein described.

WE PACK all stock in the most approved manner and deliver it *free of charge*, to the forwarders at which time the risks of transportation are with the purchases.

PURCHASERS, to obviate mistakes, will please give full shipping directions; if parties fail to do this we shall ship by the best route according to our judgment.

TERMS, *cash*, without discount, unless *specially agreed upon before shipment*.

No stock will be sent C. O. D. unless one-third of the amount is paid *before* shipment

Trees in boxes will be forwarded by railroad companies under third classification of their tariff rates. Trees in bulk by carloads, fifth class

We do not advise shipping by freight *in bales*, as rates are *nearly double* what they would be if they were shipped in boxes.

We offer a large assortment of varieties and the following prices are for our selection, but the expressed wish of our customers will be as closely followed as our stock will permit.

300 of anything will be furnished at 1000 rates.

50 of anything will be furnished at 100 rates.

6 of anything will be furnished at dozen rates.

☞ Five per cent. off from this list when net cash reaches us before shipment

Price of Boxes and Bales: 9 or 10 feet boxes, 2½x2½ feet, $3.00 each; 2x2 feet, $2.50 each; 18 or 20 inches, $2 00 each; 12 or 16 inches, $1.50 each.

Short boxes proportionately less.

Bales from 25 cents to $1.00 each, according to material and labor.

Please let us hear from you.

HEDGES.

We wish to call attention to our fine stock of plants suitable for deciduous hedges. We can supply fifty varieties—any one of which will make beautiful hedge rows—of large or small growth. Our list of shrubs embraces green, purple, red and golden foliage—white, pink and red flowers; to which can be added hardy roses, so that the taste of all can be fully gratified. We shall be glad to have correspondence on this matter and to offer suggestions with estimates.
